General Ordering Information & Policies

INFORMATION FOR ORDERING

- ALL SALES ARE WHOLESALE ONLY
- LAMP OR FIXTURE MANUFACTURES, PLEASE CALL JIM @ 1-800-822-3450
- PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE. FOR COMPLETE UP-TO-DATE PRICING, PLEASE VISIT: www.bplampsupply.com
- FOR COMPLETE ORDERING INFORMATION AND POLICIES, VISIT: www.bplampsupply.com/shipping.php

BEST VALUE GUARANTEE:

While we often have the lowest price on a product, our goal is to offer you the best value. Factors such as product design, weight, material, color, proper fit and pricing all come together for the overall value of the product. Don't be fooled by cheaper prices and cheaper quality. Regardless of where you currently buy, you owe it to yourself to compare the pricing and quality of our lamp parts to the competition. You have our money-back guarantee if not satisfied.

MINIMUM ORDERS:

All minimum orders are \$25.00. All orders under the \$25.00 minimum will be assessed a \$15.00 additional charge to cover the expense of packing and handling. Single Fabric Shade Charge: 14" diameter or larger add \$3.75

ASSORTMENTS:

We want to help you save money! Please pay special attention to the assortment information on each price list page. All numbers enclosed within the same bracket may be assorted for the quantity price reduction. Numbers from one bracket may not be assorted with numbers from another bracket except where noted.

PRE-PRICING DATA CARDS

Available For Fabric Shades Only - Pre-pricing data cards are available on orders of \$1500.00 and up.

FREIGHT ALLOWANCE POLICY

WE NOW HAVE 2 STANDARD FREIGHT PROMOTIONS

1.) 5% Freight Allowance. Your single shipment with an invoice total of \$500.00 or more entitles you to a 5% freight allowance discount, which will be itemized & deducted from your merchandise total.

2.) \$1500.00 or more will be Shipped Free. Your single shipment with an invoice total of \$1500.00 or more Will Be Shipped Free!

Freight allowance and Free Prepaid Shipping applies only to merchandise on hand at the time of shipment and invoices paid within 30 days from the date of the invoice. The 5% freight allowance may not be applied to free freight paid shipments. Special Value Items, Close-out Items, Whale Sale, and Net (distributor) items may not be included in the \$500.00 invoice total for freight allowance or the \$1500.00 pre-paid freight invoice total. B & P Lamp reserves the right to choose the method of shipping on orders that qualify for free pre-paid shipping. Customers will be responsible for any special carrier handling charges which may include inside delivery fees, residential delivery fees, lift gate services, re-delivery fees, etc. C.O.D shipments and large shipments of chimney glass may be disqualified from our free paid freight policy. This freight policy applies only to shipments within the Continental USA.

We ship orders on a first-come, first-served basis and make every effort to ship your order as soon as possible. Most orders are shipped within 2-3 days after their receipt.

In addition to our Standard Freight Promotions, we offer various Seasonal Freight Promotions throughout the year. You may receive notice of these promotions by mail, enclosed with Special Values Sales or catalog mailings. Our Seasonal Freight Promotions supersede Standard Freight Promotions. Please see our Freight Al-

lowance Policy at BPLAMPSUPPLY.com for a detailed description of our Freight Promotion currently in effect.

FREIGHT RECOMMENDATIONS & CHARGES

All orders are shipped by your preferred method. If no specific is provided we will use the best value shipping option for your order. Most orders will ship via ground service unless we are instructed by you to use expedited services. We charge customers the carrier's published shipping rate for the weight and zone of the order. This amount is not exactly known until the order is packed. We can provide quotes for shipping as needed.

For all large orders of glass lampshades, lamp chimneys, or fabric lampshades we highly recommend Motor Freight (truck) shipping. We carefully prepare all motor freight shipments by first boxing, then "stretch-wrapping" all cartons to a wooden skid. The chances for breakage of glass items is greatly reduced using this method. Also, motor freight will save you on freight charges, in most instances, when shipping a large order of fabric shades.

If you are unsure about the method of shipping you need for your order, please call us with an estimation of your items and quantities and we will gladly advise you on the best shipping options.

When paying by check please add 25% estimated shipping to the merchandise total. Any difference in commercial charges will be credited or charged to your account.

SPECIAL CHARGES:

Due to factors beyond our control, special charges apply to certain shipments and/or items. 1) Because UPS and FedEx Ground honor fewer than 50% of our claims, we must charge a handling fee of \$1.25 per carton. 2) Due to the structural sensitivity of 14"-diameter and larger shades, they must be repacked and heavily padded prior to shipment. On orders shipped by UPS or FedEx Ground, we must charge a \$3.25 per order (\$10.00 max. per shipment) packing charge on 14"-24"-diameter glass and fabric shades. An additional charge per carton will be included in our shipping charges for packing materials which are not included in the cost of our products.

BACKORDERS, REORDERS & DISCONTINUED ITEMS:

Any items not shipped with your order will automatically be placed on backorder (BO) to be shipped as soon as possible (provided the item meets a \$30.00 minimum). If you do not want backorders, notify us and your request will be permanently noted on your file.

In addition, if we are unable to ship your backorder (BO) within 60 days from the date of your invoice, your BO will be canceled. Also, you may cancel your backorder at any time prior to shipping.

Please remember that we cannot accept open orders for items that are not in stock when you place your order. Also, we cannot place an item on backorder if none of the items on your purchase order are in stock at the time of your order. If, for instance, you are placing an order and none of the items that you want are available (i.e. 3 items ordered and 3 items out-of-stock), your order will be canceled.

Reordered items (RO) must be ordered again. Discontinued (Disc) items are no longer available.

CREDIT & PAYMENT POLICIES

TERMS:

1% 10 days - net 30 days. There is a 1.5% charge per month on delinquent accounts. Credit will be cancelled on accounts 60 days past due. A check for the full order amount must accompany orders from new accounts until credit is established, unless C.O.D. or a credit card is specified.

CHARGE ACCOUNTS:

We will gladly ship on open-charge account to customers with acceptable credit references. To establish credit, submit two business references and the name of your bank. Please send complete addresses.

CREDIT CARDS:

If you have not established credit with B & P Lamp you may use a MasterCard, VISA or Discover credit card. Carefully include your credit card number, expiration date, the C.I.D. number (last 3 numbers on

back of card above your signature), and the cardholder's name and credit card billing address.

C.O.D. ORDERS:

For established accounts there is no deposit for C.O.D. orders. For NEW ACCOUNTS, a deposit of 25% must accompany your C.O.D. order.

RETURNED CHECKS:

Any check returned for non-payment will be subject to a \$30.00 service charge. Once a check has been returned, we may no longer accept checks from that individual or business.

DAMAGE CLAIMS

All shipments are carefully packed by our experienced professional packers in accordance with existing requirements and practices. We are sincerely interested in keeping breakage to a minimum to reduce inconvenience to our customers and to our own administrative staff. Nevertheless, breakage will occur and we cannot accept responsibility after we have received the carrier's receipt for merchandise received in good order.

Should damage occur in transit, DO NOT REFUSE TO ACCEPT THE SHIPMENT as this will cause unnecessary delays and added expense.

Please file damage claims immediately as they will not be accepted after 15 days.

UPS & FEDEX GROUND CLAIMS:

If merchandise is received damaged, obtain the delivering carrier's notation of damage and notify us immediately. We will assist you in every possible way in collecting your claims for loss or damage.

Hold all merchandise and packing material in the original carton for inspection and recall, otherwise your claim cannot be paid.

PARCEL POST CLAIMS:

If merchandise is received damaged, obtain the delivering carrier's notation of damage and notify your local postmaster immediately.

MOTOR FREIGHT CLAIMS:

If merchandise is received damaged, obtain the delivering carrier's notation of damage and notify your Motor Freight carrier immediately. Hold all merchandise and packing materials in the original carton until your claim is paid.

RETURNED MERCHANDISE

AUTHORIZATION:

Merchandise ordered in error or that is defective may be returned with our authorization. To receive authorization for return, please call 800-822-3450 and have your invoice ready, as well as an itemized list of goods to be returned, and the reason for their return. No returns will be accepted after 30 days. Please notify us as soon as possible regarding shortages or an incorrect shipment.

RESTOCKING CHARGES:

We are always anxious to correct mistakes we make without incurring expense to you, however, merchandise ordered in error should be returned freight prepaid and there will be a 20% handling charge. We guarantee every item as to quality and construction. Adjustments to your satisfaction will be made on any item found to be defective. All wired lamps and electrical fixtures are assembled with U.L.-approved material; however, most individual fixtures are not U.L.-approved. Some individual table lamps are U.L.-approved and the approval will be stated in the product's description.

THE B & P GUARANTEE:

We guarantee every item as to quality and construction. Adjustments to your satisfaction will be made on any item found to be defective. All wired lamps and electrical fixtures are assembled with U.L.-approved material; however, most individual fixtures are not U.L.-approved. Some individual table lamps are U.L.-approved and the approval will be stated in the product's description.

September 30, 2012

Dear Customer,

I would like to express my sincere gratitude to you for your patronage, and for the suggestions you have made to us regarding many of the products in this catalog. I am very excited about the new items that you will see within these pages.

Incidentally, in the world of lighting, lighting parts and components, and possibly all things man-made in the universe, nothing can compare to my fascination with, and the quasi-hypnotic adoration I have for, lighting glass. Its manufacture is both science and art. Though fragile, it has a useful life that can span the millennium without change. It colors can range from the subtle iridescence of a bird's feather to the deep jewel tones of emerald, cobalt, and ruby. By placing this "gift" from the heavens in front of a proper light source, not only do you replace darkness with the genteel comfort of illumination, you create a veritable feast for the eyes.

The varied products illustrated in B & P's *2012 Lamp Glass Catalog* were developed with you, the knowledgeable dealer, in mind. Per your requests, please note that our line of **chimney glass** has been vastly expanded and includes replacements for many English, European, and Miller, Jones, P&A's Hinged burners. Also, we now have replacements chimneys for many Marine-type burners and a better selection for miniature burners, and standard-size No. 1 & No. 2 burners. The quality of all chimneys has improved due to the use of better materials (borosilicate in most instances) and more careful manufacturing techniques.

Also, we have added exciting new lines of **replacement & custom glass lampshades** including:

- Glass Cylinders for Pendants, Sconces, & Table Lamps, page G58
- Neckless Clear & Opal Glass Ball Shades, G59
- **Exclusive!** Half Frost & Clear Glass Industrial Pendant Shades, G61
- Industrial Style Metal Shades, G62 - G64
- **Exclusive!** High Quality Venicia™ Brand Fixture, Gas, & Ball Shades, G81 -G82
- New designs in Gold & Peacock Blue Iridescent Fixture & Pendant Art Glass, G84, G85
- **Exclusive!** Hand Painted Early Electric 2 1/4" Fixture & Pendant Light Shades, G86
- **Exclusive!** Special Art Deco Shades & Globes, G87
- **Exclusive!** Beautiful Art Deco Slip Shades, G86

Additions to our line of **chandelier crystals, prisms, and parts** include:

- Special Colors in High Quality Rock Crystal, pages G91, G92
- New Designs in Crystal Fruit Trimmings, G97
- **Exclusive!** Antique Designs in Crystals & Pendants For BIGGER Chandeliers, G104, G105

As you may surmise, B & P Lamp Supply has taken a new direction in lamp glass products with this new catalog. We ask that you try our new products and compare them to those offered from other suppliers. You will see that our commitment to quality and *value* is as earnest as our guarantee of satisfaction for all of our products.

Thank you for your business and kind support,

Paul M. Barnes
President

Check CURRENT PRICING And AVAILABILITY at www.bplampsupply.com

September 30, 2012

Dear Valued Customer,

Though we have included a current price list with our *2012 Lamp Glass Catalog*, generally our published price list can no longer keep up with rapidly changing product costs and additions to our product lines. Therefore, it is necessary that we make a more responsive online price list available.

Fortunately, checking our current online pricing only takes a moment or two and provides the benefit of also checking current **availability**. If you have never logged onto our website, or would like to learn how to easily check current pricing and availability, please read the simple step-by-step instructions below.

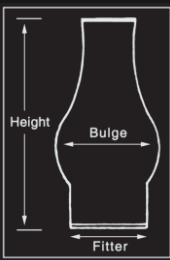

- 1.) Login to your account by visiting www.bplampsupply.com
- 2.) Click **Login** near the top, right side of the navigation bar, under the “Welcome to B & P Lamp Supply” sign.
- 3.) **There you will enter your Customer Account Number** (please remember to enter your account number as a 5-digit number including all zeros, e.g. if your account number is 2245, enter as 02245).
- 4.) **Enter your Password**. If you have never logged onto bplampsupply.com before, your password will be your 5-digit *billing* Zip Code. Your password will remain your zip code number until you change it.
- 5.) **Click Login**. Once you have successfully logged on, you may change your password by going to “my account” along the top navigation bar that resides directly below the “Welcome to B & P Lamp Supply” sign.

After logging on you will notice that the pricing and current availability of our products may be checked by clicking through our product categories to view our product pages. In addition you may download the entire price list, which gives you an easy way to take advantage of assortment pricing, by clicking on the Current Wholesale Price List link beneath the Search Box in the upper left corner.

You may also perform a “search” by using the search box in the upper left corner. Simply type in a short description of the product you are looking for, or if available, type in the item number.

Of course, if you have any problems with, or suggestions about, using our website, please call 1-800-822-3450, ask for Michael (ext. 227) and he will gladly assist you. You may also email: michael@bplampsupply.com

Thank you,
B&P Lamp Supply, Inc.

Early Style Hand Engraved, Cut & Polished Shades

00677 - 5" Fitter Astral or Solar style shade with original "Bellflower" cut and polished design, 9 1/2" bulge, 10" ht. outstanding replica of an early and classic shade.

00674 - "Grapes" design 7" fitter, Solar style shade. 6 1/4" height, 9 1/2" bulge

Hand blown, cut and polished shades were popularly used on Victorian lighting from 1840 through 1920. Until now, finding matching sets of these beautiful shades was nearly impossible. Our shades are all hand blown in pure clear glass, then sand etched on the outside. They are further decorated by hand with copper wheel cutting, engraving and polishing to clear - just like the originals.

The Astral, Sinumbra, and Solar style lamp shades as shown on this page are beautiful when lighted and would be appropriate for many tall, elegant table lamps of the Victorian Period.

00672 - 6 1/8" Fitter Astral or Solar style shade with original "Bellflower" cut and polished design, 9 1/2" bulge, 9 3/4" ht. outstanding replica of an early and classic shade.

Industrial Style Pendants (less shade)

Match these fixtures with shades on pages G-62 thru G-64, and 2 1/4" fitter shades on page G-65

These Industrial Pendants are styled after early fixtures and are very trendy in today's minimalist decorating schemes. The canopy has a porcelain enamel finish. The black lamp cord is twisted and cotton covered. Pendant comes with a turned brass socket shell and early style flat key turn knob socket. Socket unit is U.L. listed, but the fixture is not U.L. approved. 27" drop is measured to bottom of the 2 1/4" UNO style holder. Your choice of canopy color.

Clear Rock Crystal

Beautiful Rock Crystal Stones

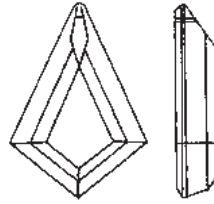

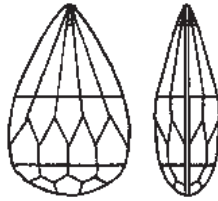

Inspired By Nature: *"The richness I achieve comes from Nature, the source of my imagination."* Claude Monet

Each crystal is a unique semi-precious stone found in nature. Rock Crystal, which is a mineral found in the earth's crust is clear or colorless with random opaque inclusions. For use in fine chandeliers, the crystals are skillfully cut and polished by hand, drilled for pinning and certified as to quality.

Rock Crystal:

- Natural semi-precious stone
- Clear color with natural inclusions
- Each piece is unique, expect slight variations
- Hand cut and polished

STRASS® Swarovski® Crystal, Full Lead Crystal¹

We are pleased to offer STRASS® Swarovski® Crystal available in colors, which are popular in today's market; "Bordeaux", "Light Peridot", "Topaz" and "Golden Teak Effect". The "Golden Teak Effect" has a slightly sparkling light golden bronze effect whereas the other colors appear true in color with plenty of sparkling brilliance.

It only takes a minute to assemble the top bead to the body using your choice of colored STRASS® Crystal and gold or chrome STRASS® pinning materials. The results are vibrant STRASS® Crystals in colors, which may be used to beautifully enhance your design projects or create one-of-a-kind chandeliers.

- Beautiful sparkle and optic clarity
- Perfectly machine cut & polished lead crystal
- Brilliant light refraction and color play
- Invisible coating which repels dust
- Maximum rainbow play

Traditional Clear Crystal - U-Drops

Sizes Do Not Include Top Bead

Traditional Clear Crystal:

Clear crystal prisms, pendulogues and trimmings have been used since the time of candlelight to add brilliance and illumination to chandeliers. Our traditional crystals are designed, pinned and hand-crafted like the old ones so that you can match your early chandelier or achieve a traditional look for your new creation.

- Great Prices
- Good Quality Crystal
- Old Traditional designs to match antique chandeliers
- Cut by hand
- Environmentally friendly (lead free)

Traditional Colored Crystal U-Drops & Teardrops

Sizes Do Not Include Top Bead

Colored Crystal:

Many of our prism colors are matched to American antique glass lampshade colors. For an example when our prisms are hung with a matching color shade on a Library Lamp they make a stunning combination. We also offer several new colors; Aurora Borealis, Gold Iridescent and Blue/Green Iridescent, which should provide beautiful accents to your project. Also new are Light Blue, Light Green, Light Gold, Black Crystal, Smoke, and Champagne finish colors which work well with Deco & Modernistic design fixtures.

55030S - Smoke Finish, 3" (76 mm) U-Drop w/Brass Pin	55030C - Champagne, 3" (76 mm) U-Drop w/Brass Pin	55034B - 3" (76 mm) Light Blue U-Drop w/Brass Pins	55034G -3" (76 mm) Light Green U-Drop w/Brass Pins	55034U - 3" (76 mm) Light Gold U-Drop w/Brass Pins	55034A - 3" (76 mm) Aurora Borealis (iridescent) U-Drop w/Brass Pins	55034i - 3" (76 mm) Blue/Green Iridescent U-Drop w/Brass Pins	55030D - 3" (76mm) Black Crystal U-Drop w/Chrome Pins

55137 - 11" (280 mm)

NEW! 2 1/4" fitter, "Shower Shade" is named for a beautiful, early style of fixture shade sometimes found on 1930's-40's shower fixtures. These shades also look great on sconces and bridge-type floor lamps. 6 3/4" overall length, 4" dia. Chain & Shade Holder Not Included. **Shades Come Unassembled.** Assembly requires no tools, but may require 4-5 minutes of time. Solid brass "fitter" has 32 small perforations that accept the pinning rings of our clear glass Pencil Prisms (#55065, #55065N). In case of loss or damage, we ship 36 prisms with each shade. The use of a tubular light bulb (our #47015, T-10) will enhance the appearance of this shade.

"Shower Shade" shown mounted to 2 1/4" fitter shade holder.
