- PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE. FOR COMPLETE UP-TO-DATE PRICING, PLEASE VISIT: www.bplampsupply.com
- FOR COMPLETE ORDERING INFORMATION AND POLICIES, VISIT: www.bplampsupply.com/shipping.php

BEST VALUE GUARANTEE:

While we often have the lowest price on a product, our goal is to offer you the best value. Factors such as product design, weight, material, color, proper fit and pricing all come together for the overall value of the product. Don't be fooled by cheaper prices and cheaper quality. Regardless of where you currently buy, you owe it to yourself to compare the pricing and quality of our lamp parts to the competition. You have our money-back guarantee if not satisfied.

MINIMUM ORDERS:

All minimum orders are \$25.00. All orders under the \$25.00 minimum will be assessed a \$15.00 additional charge to cover the expense of packing and handling. Single Fabric Shade Charge: 14" diameter or larger add \$3.75

ASSORTMENTS:

We want to help you save money! Please pay special attention to the assortment information on each price list page. All numbers enclosed within the same bracket may be assorted for the quantity price reduction. Numbers from one bracket may not be assorted with numbers from another bracket except where noted.

PRE-PRICING DATA CARDS

Available For Fabric Shades Only - Pre-pricing data cards are available on orders of \$1500.00 and up.

FREIGHT ALLOWANCE POLICY

WE NOW HAVE 2 STANDARD FRIEIGHT PROMOTIONS

1.) 5% Freight Allowance. Your single shipment with an invoice total of \$500.00 or more entitles you to a 5% freight allowance discount, which will be itemized & deducted from your merchandise total.

2.) \$1500.00 or more will be Shipped Free. Your single shipment with an invoice total of \$1500.00 or more Will Be Shipped Free!

Freight allowance and Free Prepaid Shipping applies only to merchandise on hand at the time of shipment and invoices paid within 30 days from the date of the invoice. The 5% freight allowance may not be applied to free freight paid shipments. Special Value Items, Close-out Items, Whale Sale, and Net (distributor) items may not be included in the \$500.00 invoice total for freight allowance or the \$1500.00 pre-paid freight invoice total. B & P Lamp reserves the right to choose the method of shipping on orders that qualify for free pre-paid shipping. Customers will be responsible for any special carrier handling charges which may include inside delivery fees, residential delivery fees, lift gate services, re-delivery fees, etc. C.O.D shipments and large shipments of chimney glass may be disqualified from our free paid freight policy. This freight policy applies only to shipments within the Continental USA.

We ship orders on a first-come, first-served basis and make every effort to ship your order as soon as possible. Most orders are shipped within 2-3 days after their receipt.

In addition to our Standard Freight Promotions, we offer various Seasonal Freight Promotions throughout the year. You may receive notice of these promotions by mail, enclosed with Special Values Sales or catalog mailings. Our Seasonal Freight Promotions superscedes Standard Freight Promotions. Please see our Freight Al-

lowance Policy at BPLAMPSSUPPLY.com for a detailed description of our Freight Promotion currently in effect.

FREIGHT RECOMMENDATIONS & CHARGES

All orders are shipped by your preferred method. If no specific is provided we will use the best value shipping option for your order. Most orders will ship via ground service unless we are instructed by you to use expedited services. We charge customers the carrier's published shipping rate for the weight and zone of the order. This amount is not exactly known until the order is packed. We can provide quotes for shipping as needed.

For all large orders of glass lampshades, lamp chimneys, or fabric lampshades we highly recommend Motor Freight (truck) shipping. We carefully prepare all motor freight shipments by first boxing, then "stretch-wrapping" all cartons to a wooden skid. The chances for breakage of glass items is greatly reduced using this method. Also, motor freight will save you on freight charges, in most instances, when shipping a large order of fabric shades.

If you are unsure about the method of shipping you need for your order, please call us with an estimation of your items and quantities and we will gladly advise you on the best shipping options.

When paying by check please add 25% estimated shipping to the merchandise total. Any difference in commercial charges will be credited or charged to your account.

SPECIAL CHARGES:

Due to factors beyond our control, special charges apply to certain shipments and/or items. 1) Because UPS and FedEx Ground honor fewer than 50% of our claims, we must charge a handling fee of \$1.25 per carton. 2) Due to the structural sensitivity of 14"-diameter and larger shades, they must be repacked and heavily padded prior to shipment. On orders shipped by UPS or FedEx Ground, we must charge a \$3.25 per order (\$10.00 max. per shipment) packing charge on 14"-24"-diameter glass and fabric shades. An additional charge per carton will be included in our shipping charges for packing materials which are not included in the cost of our products.

BACKORDERS, REORDERS & DISCONTINUED ITEMS:

Any items not shipped with your order will automatically be placed on backorder (BO) to be shipped as soon as possible (provided the item meets a \$30.00 minimum). If you do not want backorders, notify us and your request will be permanently noted on your file.

In addition, if we are unable to ship your backorder (BO) within 60 days from the date of your invoice, your BO will be canceled. Also, you may cancel your backorder at any time prior to shipping.

Please remember that we cannot accept open orders for items that are not in stock when you place your order. Also, we cannot place an item on backorder if none of the items on your purchase order are in stock at the time of your order. If, for instance, you are placing an order and none of the items that you want are available (i.e. 3 items ordered and 3 items out-of-stock), your order will be canceled.

Reordered items (RO) must be ordered again. Discontinued (Disc) items are no longer available.

CREDIT & PAYMENT POLICIES

TERMS:

1% 10 days - net 30 days. There is a 1.5% charge per month on delinquent accounts. Credit will be cancelled on accounts 60 days past due. A check for the full order amount must accompany orders from new accounts until credit is established, unless C.O.D. or a credit card is specified.

CHARGE ACCOUNTS:

We will gladly ship on open-charge account to customers with acceptable credit references. To establish credit, submit two business references and the name of your bank. Please send complete addresses.

CREDIT CARDS:

If you have not established credit with B & P Lamp you may use a MasterCard, VISA or Discover credit card. Carefully include your credit card number, expiration date, the C.I.D. number (last 3 numbers on

back of card above your signature), and the cardholder's name and credit card billing address.

C.O.D. ORDERS:

For established accounts there is no deposit for C.O.D. orders. For NEW ACCOUNTS, a deposit of 25% must accompany your C.O.D. order.

RETURNED CHECKS:

Any check returned for non-payment will be subject to a \$30.00 service charge. Once a check has been returned, we may no longer accept checks from that individual or business.

DAMAGE CLAIMS

All shipments are carefully packed by our experienced professional packers in accordance with existing requirements and practices. We are sincerely interested in keeping breakage to a minimum to reduce inconvenience to our customers and to our own administrative staff. Nevertheless, breakage will occur and we cannot accept responsibility after we have received the carrier's receipt for merchandise received in good order.

Should damage occur in transit, DO NOT REFUSE TO ACCEPT THE SHIPMENT as this will cause unnecessary delays and added expense.

Please file damage claims immediately as they will not be accepted after 15 days.

UPS & FEDEX GROUND CLAIMS:

If merchandise is received damaged, obtain the delivering carrier's notation of damage and notify us immediately. We will assist you in every possible way in collecting your claims for loss or damage.

Hold all merchandise and packing material in the original carton for inspection and recall, otherwise your claim cannot be paid.

PARCEL POST CLAIMS:

If merchandise is received damaged, obtain the delivering carrier's notation of damage and notify your local postmaster immediately.

MOTOR FREIGHT CLAIMS:

If merchandise is received damaged, obtain the delivering carrier's notation of damage and notify your Motor Freight carrier immediately. Hold all merchandise and packing materials in the original carton until your claim is paid.

RETURNED MERCHANDISE

AUTHORIZATION:

Merchandise ordered in error or that is defective may be returned with our authorization. To receive authorization for return, please call 800-822-3450 and have your invoice ready, as well as an itemized list of goods to be returned, and the reason for their return. No returns will be accepted after 30 days. Please notify us as soon as possible regarding shortages or an incorrect shipment.

RESTOCKING CHARGES:

We are always anxious to correct mistakes we make without incurring expense to you, however, merchandise ordered in error should be returned freight prepaid and there will be a 20% handling charge. We guarantee every item as to quality and construction. Adjustments to your satisfaction will be made on any item found to be defective. All wired lamps and electrical fixtures are assembled with U.L.-approved material; however, most individual fixtures are not U.L.-approved. Some individual table lamps are U.L.-approved and the approval will be stated in the product's description.

THE B & P GUARANTEE:

We guarantee every item as to quality and construction. Adjustments to your satisfaction will be made on any item found to be defective. All wired lamps and electrical fixtures are assembled with U.L.-approved material; however, most individual fixtures are not U.L.-approved. Some individual table lamps are U.L.-approved and the approval will be stated in the product's description.

September 1, 2018

Dear Valued Customer,

The best selling season is just around the corner.

Many of you are giving serious thought to stocking your store with fabric lampshades. You enjoy a unique position for success in this market which is not available to e-commerce sellers. You offer customers the opportunity to visit your fine store and to actually meet you and try on or use lampshades before purchasing. Because of these advantages, you will always be successful selling quality lampshades. *The quality of many products is revealed only in examination and use.* This is especially true for lampshades. Your special knowledge of lighting will also go a long way toward making the sale of quality lampshades, which can be an outstanding and very profitable line.

To help you more easily persuade customers, we offer *quality* Tailor-Made Lampshades™, available in popular styles at competitive prices. They are “tailored” lampshades constructed with heavy frames and fine fabric, with expertly crafted edges, trims and seams. They will make your lamps “come alive”. *Upon examination and use, your customers will recognize the fine quality and will be eager to return to your store for more.*

So it is important to put your best foot forward by offering quality Tailor-Made Lampshades™. We have lampshade inventory on hand for most shades and will give prompt attention to ship your order within 24-48 hours.

We wish you good luck this season and thank you for the great privilege to serve.

Sincerely yours,

Barry Barnes
President B & P Lamp Supply, Inc.

P.S. B&P is building an easier path for your success in residential lighting and is the only wholesaler offering both quality lampshades and full lines of lamp parts. You may combine quality lampshades with lamp parts to meet our freight allowance and free freight incentives.

Say Hello to our Design Team for Tailor~Made Lamp Shades™, Mica Shades, and Essential Shades™

Education was of great importance growing up in my family. My mother and father insisted on my getting a college education. I attended University of TN at Knoxville, studying Business but also enrolling in Home Economics classes. Textiles and home furnishings have always been an interest for me.

In 1993, I started a fine antiques business in the Buckhead area of Atlanta, Georgia called Twickenham Galleries. My shop specialized in early American and French furniture, paintings, tapestries, and statuary. During the day I worked in my shop and at night I took art courses with UGA. I enjoyed traveling and learning about art motifs and antiques with my colleague in Atlanta.

In the early 2000s, I moved back to McMinnville TN to be closer to family and to work in designing and creating the Tailor Made Lamp shade collection for B&P Lamp Supply, Inc.

- Ann Barnes

Design Team members Ann Barnes and granddaughter Laura Gheesling (right)

We believe lampshade quality is determined first of all by its design. Secondly, by the materials used to achieve its design, the precision of its manufacture and its ability to withstand the stress of years of service.

In my life, I have always been drawn to color, design and learning new things. My inspirations come mainly from living things. I enjoy the simplicity of natural elements changing through seasons. I enjoy working with color palettes and seeing what connections can be made when you add or remove a hue.

In artworks, I am drawn to geometric shapes and bold colors. I am a lover of design and a teacher of art methods. Working with people and new ideas helps me learn more about myself. The design team at B&P Lamp is dedicated daily to serving our customers with new

styles of lampshades and parts. I am very thankful and blessed to be a part of this team.

Educational Background:

Bachelor's in Textiles, Merchandising and Design from Middle Tennessee State University

Masters in Education and Instruction:

Art Education licensure with focus on craft arts at Tennessee Tech University.

- Laura Gheesling

Our successful partnership with the Tailor~Made Lampshades™ factory began in 1984 when Victorian fabric lamp shades were all the rage. With no reliable source at the time to create these complex shades we set out, with design plans in hand, to find skilled crafters who could give us consistently high quality at a fair price. After months of searching through some pretty rough places, we found a small start-up factory. This bright and shiny place was like an oasis in the great desert. It was clean, neat, and well organized - the opposite of all the others we had seen. They had a small group of talented seamstresses and a young energetic owner who was eager to make any type, style, or design we wanted - with one condition. The young owner said "we don't do average quality or "big box" discount shades. We make only the best for you." This was the birth of Tailor~Made Lampshades™, which are still made by the same owner and factory today. Their fabrication teammates take their time and carefully craft fine materials onto a heavy duty frame assuring a tailored fit and a shade that will give you many years of fine service. We believe Tailor~Made Lampshades™ are among the finest quality lampshades in the market.

Empire Box Pleat Softback - 100% Fine Linen

These Empire style softback shades are made of *White Ivory* color 100% Fine Linen material with self double fold trim top & bottom. We have opened the tops a bit wider for an English Empire look, which is very versatile and pleasing on either country or more formal lamps. The *White Ivory* color works well on popular blue and white porcelain lamps. All shades with 1/2" recessed brass plated washer fitters and off-white satin lining.

Mid-Century Shallow Drum Table & Floor Lamp Shades

Our Hardback Lampshades are excellent quality, handmade using the same high standards as our Softback Lampshades from the TAILOR~MADE™ line. Mid-Century Shallow Drum style shades were often accessorized with white translucent acrylic diffusers top mounted for table and floor shades and both top & bottom mounted for hanging fixtures. Please see page F-49 for an assortment of white acrylic diffusers.

Translucent Diffuser - for mounting on top of the shade or in the case of hanging lamp shades - both the top and bottom of Drum style lampshades. Made of pure white acrylic material with a slip 1/4-27 and 1/8 IP center hole.

Benefits:

- Removes light bulb glare
- Diffuses light
- Directs light downward for accent or for improved reading light

Translucent Diffusers

Mid-Century Shallow Drum style shades were often accessorized with white translucent acrylic diffusers, top mounted for table and floor shades and both top & bottom mounted for hanging fixtures. Not only do these diffusers improve the quality of the light, especially when using energy efficient compact fluorescent or halogen light bulbs, they also add a "finished" look to

many table lamps. When mounted underneath, a superior look and performance is achieved for Shallow Drum hanging fixtures. To avoid overheating your lamp leave a little room on the edge to let heat escape.

The following pages showcase our NATURAL MICA Lamp Shades & ESSENTIAL SHADES™ lines of lampshades.

ABOUT OUR MICA LAMP SHADES

00755M

Some of the earliest use of Mica in lampshade design dates to the early 1900's Craftsman furniture era. Mica has a shiny layered structure and is found naturally in granite or other rocks or crystals. Mica's structure can be split and bound into thin sheets which are lightweight, elastic, flexible, and heat resistant. Mica reflects and refracts light. These properties make Mica an excellent choice for lamp shade material. Our Mica shades are made in the fashion of the early shades. Mica sheets are stained, antiqued, and joined with copper foil. They look especially nice paired with antiqued or bronzed lamps and show well in today's Craftsman and Country style homes and Cabins.

Mica Shades are found on pages F-68 through F-73 and are in stock for *FAST* shipping.

ABOUT OUR ESSENTIAL SHADES™

07182WE

Tailor-Made Lampshades™ was created to fill our customers' demands to own the best quality lampshades. **Essential Shades™** was created to fill some customers' requests for lower cost, value lampshades. The two brands are made in different factories.

Walk into just about any lighting showroom in America and you will find Traditional Bells, Drums, CC Rectangles, CC Squares, and Empire style lamp shades. This is because there are so many traditional style lamps in this country that need replacement lampshades. The best selling colors and fabrics for traditional style lampshades are off-white and eggshell colors in Shantung Silk because these colors and this fabric coordinates well with almost any home décor, while providing good light and ambience. **Essential Shades™ are good quality lamp shades priced for the very best value and are available in *essential* styles, colors, and fabric.**

Essential Shades™ are found on pages F-74 and F-75 and are in stock for *FAST* shipping.

All New!

Essential Styles. Great Values.

ESSENTIAL SHADES™ are an economical approach to quality lamp shade replacement. All shades are made of tissue shantung with self double fold trim, top & bottom, and are lined in off-white color satin material. Floor lamp models have proper IES bends in the brass plated fitters to maximize versatility.

Best Quality TRANSLUCENT Opal Glass I.E.S. Reflector Shades

These I.E.S. SHADES have a nice translucent quality that is superior to some of the dark, opaque I.E.S. shades on the market now. They will make your floor lamp more efficient and look brighter and better.

08390 - Waffle Pattern with 2 1/4" fitter, 6" dia.

08391- Waffle Pattern with 2 1/4" fitter, 8" dia.

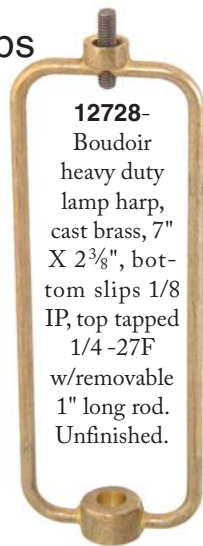

08392 - Waffle pattern with 2 7/8" fitter, 10" dia.

Special Lamp Harps & Shade Mounting Accessories

Cast Brass Harps

12727 - Boudoir heavy duty lamp harp, cast brass, 5 3/4" ht. X 4" w/bottom slip for 1/8 IP, top tapped 1/4 -27F w/removable 1" long rod. Unfin.

12728 - Boudoir heavy duty lamp harp, cast brass, 7" X 2 3/8", bottom slips 1/8 IP, top tapped 1/4 -27F w/removable 1" long rod. Unfinished.

12729 - Boudoir heavy duty lamp harp, cast brass, 7 1/2" ht. X 4", bottom slips 1/8 IP, top tapped 1/4 -27F w/removable 1" long rod. Unfinished.

12789 - Brass Plated

ADJUSTABLE Lamp Harps

12789A - Antique Brass Finish

Heavy duty adjustable lamp harp adjusts to 9", 10", or 11" in height, 1/4-27M top post. Harp base will slip 1/8 IP pipe (approx. 3/8" dia.) Adjustable lamp harps are a convenient solution when the exact harp size or lamp shade size is unknown. Your choice of finish.

12789 - Brass Plated

12789A - Antique Brass Finish

22114 - Shade Adapter. Brass finish. Converts washer type shade to fit on regular shape bulb. 1/4-27M.

22115 - Shade Adapter. Brass finish, converts washer type shade to fit on torpedo shape bulb. 1/4-27M.

22112 - Glass Shade Adapter for 1930-40's boudoir lamps, size to clip-on A19 type bulbs, 1/4-27M. 2 1/8" X 2 1/2" overall.

22111 - 4-in-1 Adapter Convert bridge, washer or 2 1/4" ring fixture to clip-on. Galvanized steel.

22109 - Nickel Plated Shade Clip for Reflector Lamp.

22119 - Lamp Shade Converter. Converts Uno Fitter shade to a Washer Fitter shade, 1 7/8" dia., brass finish

22116 - 3 Way Bridge Adapter with Uno thread. Brass plated & lacq. finish. Allows conversion from washer fitter shade to Uno fitter shade.

22110 - Fabric shade clip-on adapter for A-19 shape standard bulb, 1/4-27M thread, includes finial. This clip will allow the fabric shade to sit lower on the lamp than other shade adapters

Acrylic Light Diffusers

Mid-Century Shallow Drum style shades were often accessorized with **WHITE TRANSLUCENT ACRYLIC DIFFUSERS** top mounted for table and floor shades and both top & bottom mounted for hanging fixtures. Not only do these diffusers improve the quality of the light, especially when using energy efficient compact fluorescent or halogen light bulbs, they also add a "finished" look to many table lamps and pendants. Made of pure white acrylic material with a slip 1/4-27 and 1/8 IP center hole. To avoid overheating your lamp leave a little room on the edge to let heat escape.

Without Diffuser

With Diffuser

	Outside Dia.	Fits Shade Opening

Bridge Arm Swivel Bracket Socket Cap Adapter

40314 - Brass plated

40314A - Antique Brass Finish

Designed to screw into any 1/8 F socket cap. If used on a floor lamp bridge arm to mount an UNO-fitter lamp shade, we recommend using B&P's complete socket #48240 or #48240A that come with sturdy turned brass UNO threads.

Polybeeswax® Brand Candle Covers - Durable, Heat Resistant, and Color Fast!

Our Polybeeswax® Brand candle covers have the look of real beeswax candle covers, but are much more durable. Not only are these poly-resin covers heat resistant and washable, they will maintain their color and shape indefinitely. In addition, each cover is handmade with its own unique, hand-applied drip pattern. We also offer special size check rings to accommodate the base of the extra thick melting design cover. All covers slip socket with paper insulator attached.

Natural Beeswax Candle Covers & Plastic Candle Covers

Natural beeswax candle covers compliment the original beauty of restored lamps. Each beeswax cover is handmade with applied wax drippings. They look real because they are real! A vast improvement over paper and plastic covers. Maximum of 40 watt bulb recommended by the manufacturer. All Beeswax covers have plastic lining and will slip over candelabra and standard base paper socket covers.

Incandescent

Over-Sized Vintage Style Light Bulbs for Custom Lighting

All New!

New Bulbs - New Looks! Along with some old favorites here, B & P Lamp introduces **New Industrial Style** light bulbs that borrow from those used in Mid-Century factories and offices. They are particularly useful in creating unique socket-cord pendant fixtures. Bulb **47209**, however, is also useful in improving a glass shade pendant in that it will slip inside most 4" fitter, glass pendant shades, where it helps to extend the filament down below the shade holder for a better appearance. Style **47205 & 47206** are a great size for single bulb pendant fixtures. All have amber tinted glass, and are rated 3000 hrs, 2200k, 120V, E26, & come in decorative boxes.

SIZE COMPARISON

to regular Edison-type bulb (our #47094, p. H-95 in Hardware catalog)

47205- G200 style, 60W. 11" x 7⁷/₈" E26 base, spiral filament. Great for single bulb pendant fixtures!

47208- ED120 style, 60W. 9¹/₂" x 4⁹/₁₆", spiral filament.

47207- ED120 style, 60W. 9¹/₂" x 4⁹/₁₆", squirrel cage filament.

47202- PS56 style, 60W. 11³/₄" x 6¹/₄", spiral filament.

47201- T8 style, 60W. 11³/₄" x 1", spiral filament.

47209- E76 style, 40W. 6³/₄" x 3", spiral filament.

47210- A110 style, 40W. 7¹/₂" x 4³/₈", spiral filament.

47203- 3.5K style, 60W. 16¹/₄" x 4⁵/₈", spiral filament.

47204- BT180 style, 60W. 13³/₄" x 7", squirrel cage filament.

47206- G200 style, 60W. 11" x 7⁷/₈" E26 base, squirrel cage filament. Great for single bulb pendant fixtures!

Miscellaneous Accessories

New Item!

99280- Roll of cellophane for wrapping fabric lampshades. This is the same wrap that is used by the factory. Take a customer's "returned" lampshade and give it a factory-new look! One pound roll is 4" wide

99052 - Sparkle Plenty Dry Lamp Shade Cleaner magically removes pet hair, lint, dirt, and dust from 101 surfaces. This cleaner is a specially formulated rubber sponge that is non-toxic and completely safe to use. Dry cleaner will clean delicate lamp shades, wall-paper, clothing,

upholstery, computer screens, ect. where a liquid cleaner may ruin. Approx. 4.25" X 3" in size.

99049 - Sparkle Plenty crystal & glass cleaner. Great for prisms, just spray on and let drip dry for a sparkling clean finish. Guaranteed safe. 32 oz. bottle

Mid-Century Shallow Drum style shades were often accessorized with **WHITE TRANSLUCENT ACRYLIC DIFFUSERS** top mounted for table and floor shades and both top & bottom mounted for hanging fixtures. Not only do these diffusers improve the quality of the light, especially when using energy efficient compact fluorescent or halogen light bulbs, they also add a "finished" look to many table lamps. When mounted underneath, a superior look and performance is achieved for Shallow Drum hanging fixtures. To avoid overheating your lamp leave a little room on the edge to let heat escape.

Translucent Diffuser - for mounting on top of the shade or in the case of hanging lamp shades - both the top and bottom of Drum style lampshades. Made of pure white acrylic material with a slip 1/4-27 and 1/8 IP center hole. Uses:

- Removes light bulb glare
- Diffuses light
- Directs light downward for accent or for improved reading light

Outside Dia.	Fits Shade Opening
08339 - 7 1/2"	8 inches +
08340 - 9 1/2"	10 inches +
08341 - 11 1/2"	12 inches +

Sensational Lamp Parts Catalogs From B & P Lamp Supply

89002 - B & P's Hardware & Electrical Catalog is loaded with lamp parts for expert repair, restoration, and manufacturing projects that are not available from other suppliers. Our selection in

lamp sockets, lamp cord, and brass hardware is geared toward updated tastes in lighting styles. In addition, our line of candle covers, lamp chain, and new acrylic lamp bases and lamp breaks will give you a myriad of options in support of your custom design ideas.

89001 - B & P's Lamp Glass Catalog offers an amazing selection of replacement glass lamp shades, including shades for gas and electric fixtures, early American table and

hanging lamps, art glass for early electric styles, and replacement glass for torchiere, chandelier, and kerosene style lighting. Also, our glass chimneys are the best quality available with choices of over 90 different sizes.

89004 - B & P's Fabric Shades and Custom Lighting Parts Catalog features our industry's best Tailor-Made Lampshades™ line of fabric shades that defines quality and value for replace-

ment shades in North America. This catalog also has our beautiful line of Mica Shades, and our value-oriented Essential Shades™ fabric shades.

Need to stock lamp finials or harps? No problem! B & P's finial and harp selections have been updated and features new Acrylic Finials, and many new finishes and great pricing in lamp harps.
